BROW STYLING BY RefectoCil

3 EASY STEPS
TO PERFECT BROWS

1. LAMINATE

2. TINT

3. CARE

After the brows have been laminated using the NEW RefectoCil Brow Lamination Kit, they can immediately be tinted with RefectoCil tints for lashes and brows.

For a perfect finish, apply RefectoCil Styling Gel. This can be used daily on tinted brows. It nourishes them while giving them a beautiful shine.

BROW LAMINATION by RefectoCil

Brows Up!

NEW

The Best way to get brows into the perfect shape!

RefectoCil

EASY APPLICATION:

THE LOOKS

Everyone wants them, but only very few have them: beautifully defined, full and natural-looking brows. Any professional wanting to achieve the perfect shape and fullness with long lasting results the natural way on their client should use the **NEW Brow Lamination Kit by RefectoCil**.

In one simple appointment, realign the direction of hair growth to enhance the brow shape creating the look of full, fluffy brows. The Keratin ingredients inside has a hair strengthening effect and the **application time is only 10 minutes**.

RETURN ON INVESTMENT

Average treatment: **\$75.00**
Treatment time: 15-20 min.
1 kit: 15 applications

1 kit: \$1125.00 revenue

1. Brush through the brows and comb them into the desired shape.
2. Apply Lashperm (1) to the complete brow.
Application time: 6 minutes

Or if you chose to perform the service using occlusive film, place over the brow area now.
Application time: 5 minutes
3. Remove the Lashperm (1) with a dry cotton pad or Q-tip.
4. Apply the Neutralizer (2) to the complete brow.
Application time: 4 minutes

Or if you chose to perform the service using occlusive film, place over the brow area now.
Application time: 3 minutes
5. Remove the Neutralizer (2) with a dry cotton pad or Q-tip.
6. Tint the eyebrows in the desired colour using RefectoCil Eyelash & Eyebrow tint.
Application time after a Brow Lamination: Only 3 minutes!
7. After removing the colour, brush the brows one more time into shape using the spoolie.

Check complete instructions inside the Brow Lamination Kit.

Soapy Brows

Brows are brushed upwards and to the opposite direction.

Laminated Brows

Brows are lifted in upward strokes and pressed down closely to the skin using an occlusive film.

Fluffy Brows

Brows are lifted in upward strokes but then fanned down from the arch to the tip.
