

RefectoCil Brow Lamination Kit

Approx. 15 applications

Design and fixate. For fuller looking brows.

RefectoCil Brow Lamination Kit allows you to design and fixate brows semi-permanently in any desired shape. The ingredient keratin has a hair strengthening effect and the application time is only 10 minutes. The brows can be coloured immediately after the treatment.

Contents

2x	Lash & Brow Perm 3,5ml
2x	Neutralizer 3,5ml
2x	Cosmetic Brushes
2x	Application Dishes
1x	Eye Care Pads (for free)

Application

1. Clean the brows using RefectoCil Micellar Eye Make-Up Remover. Use the RefectoCil Saline Solution to remove surfactants and any residual oil remaining on the skin. The skin and hairs must be dry before you begin the application process.
2. Use the rubber spoolie to brush through the eyebrows and comb them to the desired style.
3. Apply Lash & Brow Perm (1) to the entire brow. Start at the beginning of the brow and follow the direction that the eyebrows were brushed.
4. Avoid the skin around the brows as much as possible and use a dry cotton bud to tidy up undesired edges. Lash & Brow Perm Application Time: 6 minutes
5. Remove Lash & Brow Perm (1) using a dry cotton bud or cotton pad. Follow the direction that the hairs were combed. Correct individual hairs, if necessary.
6. Apply Neutralizer (2) with a brush. To do this, repeat the steps from Point 3. Application time: 4 minutes
7. Remove Neutralizer (2) using a damp cotton pad. Then use the RefectoCil Saline Solution to thoroughly clean the eyebrow area and completely remove any residue.
8. Dye the eyebrows using your selected RefectoCil tint, application time of just 3 minutes after Brow Lamination!
9. After removing the dye, use the rubber spoolie to return the eyebrows to the desired style. If necessary, use eyebrow scissors to trim any hairs that are too long.

Ingredients:

LASH & BROW PERM: Aqua (Water, Eau), Thiolactic Acid, Cetearyl Alcohol, Ammonia, Ammonium Bicarbonate, Hydrolyzed Keratin, Cetearth-20, Parfum (Fragrance), Sodium Cetearyl Sulfate, Cysteine HCl, Sodium Laureth Sulfate, Sodium Benzoate, CI 77491 (Iron Oxides)
