

RefectoCil Browista Toolkit

2 dual brushes & 2 Application Dishes

The expert kit

The Browista Toolkit offers Lash & Brow Styling experts the ideal tools for an elegant and quick application. The kit contains 2 elegant dual brushes, each equipped with an innovative rubber spoolie as well as rose gold cuffs. The 2 brushes meet the needs of brow & lash experts: the spoolie allows brushing through brows and lashes before, between or after an application. The broad brush is ideal for covering the lashes with tint, the smaller one for precise work on brows. 2 application dishes and a practical bag for long-term storage of the products is also part of the Browista Toolkit.

Application:

when applying RefectoCil Blonde Brow:

- for an even bleaching result each hair must be completely covered from root to tip with the paste
- first: apply paste generously on the eyebrows in direction of growth
- then: using the cosmetic brush, the paste should be worked into the brows against direction of growth so each hair is evenly covered from root to tip.
